

MODEL

# PG09

LINE **PIXEL GARDEN**

BLACK EAN: 5903351762014  
LIGHT GREY EAN: 5903351762007

## Information

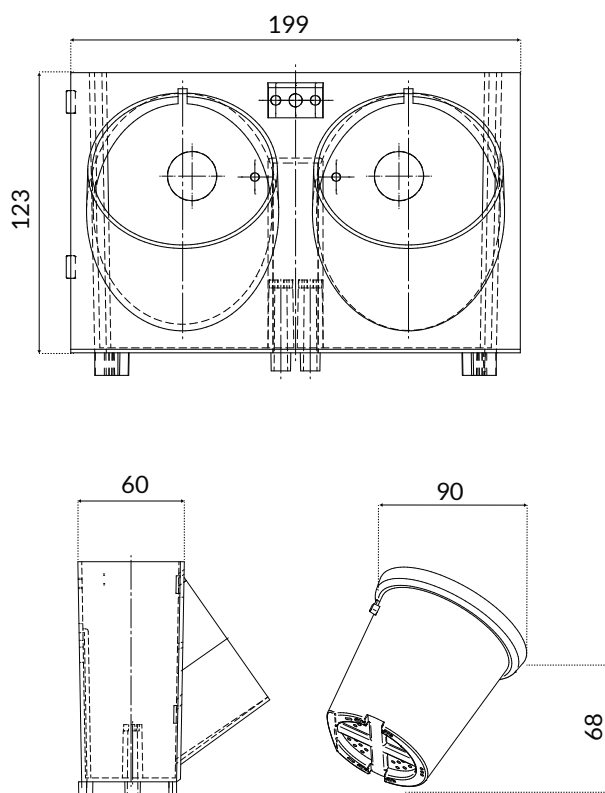

The purpose of Pixel Garden modules is to build vertical gardens. Each module consists of a container and two interchangeable pots. The modules are made of Polypropylene with UV protection for up to 5 years.

## Specification

|                            |                      |
|----------------------------|----------------------|
| Material:                  | PP PE                |
| Dimensions:                | 123 x 199 x 60 mm    |
| Qty per 1 m <sup>2</sup> : | 40 pcs               |
| Standard colors:           | ● black ● light grey |
| Weight:                    | 0,25 kg              |
| Diameter of the pot:       | 90 mm                |
| Qty on EUR pallet:         | 480 pcs              |

## Testing

- resistance to light UV (standards: PN-EN ISO 4892-2:2013-6)
- stiffness, tensile and breaks (standards: PN-EN ISO 527-1:2012, PN-EN ISO 527-2:2012)
- the Vicat softening (standards: PN-EN 306:2014-02)
- shear strength (by ASTM D 732-17)
