

MODEL

Water Wall Premium

LINE **PREMIUM** LINE

EAN: 5903351762427

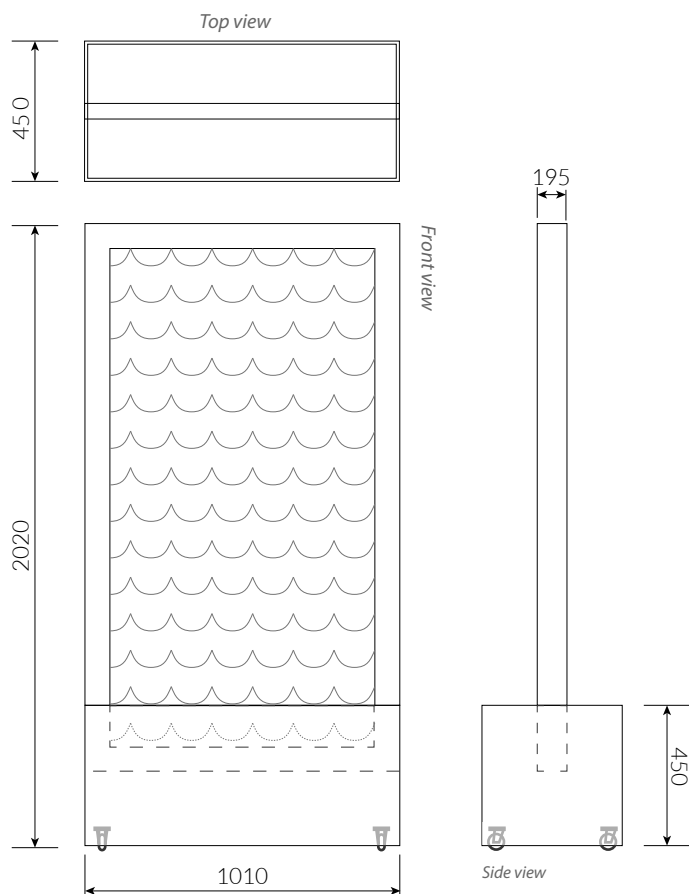

Information

Premium Line is the line of products manufactured with the best quality materials with attention to details.

Water Wall Premium is made of aluminium and stainless steel. The base of the product is hidden water reservoir on wheels what makes it easy to move. Another advantage of the product is the LED lightning installed along the glass panel and the decorative lava stones or snow-white Greek stones.
